MESSAGE TO MEMBERS

Affinity's 74th annual membership meeting will be held at the Holiday Inn – Downtown Des Moines Mercy Campus, the evening of Tuesday, May 9th. We encourage our member/owners to attend, as it provides an opportunity to recap the previous year, discuss plans for the future & get to better know Affinity's staff and volunteer leaders. There will also be food, drink and prizes, which further sweetens the deal. We hope you're able to make it.

We are pleased to announce that we're finally able to issue debit and credit cards in our branches. The ability to do so addresses a major service issue that we've been working to fix for quite some time. Along with this, our cardholders will be receiving a new card with a different number and expiration date. This is a necessary precaution in order to protect your accounts from potentially fraudulent activity.

To our members that consistently visit our Army Post branch, a replacement ATM has been ordered. It's sad to say that over a period of 14 months, 3 machines have been vandalized and ruined. We understand that these events cause members to be inconvenienced, and we're doing all we can to make sure it does not happen again. In the meantime, Shazam Privileged Status machines are all over the greater Des Moines area and you can withdraw money without a charge at any participating location. I wish more of our large Iowa credit unions were in this program but can assure you there are still many convenient locations to access your money outside of Affinity branches.

I just looked at a popular site designed to help consumers find the best credit cards nationwide, and it's amazing how well the Affinity MasterCard stacks up against the national giants. Did you know the average credit card rate is 21.89% variable? Our MasterCard has a fixed rate of 11.9% APR, no balance transfer or cash advance fees, no over-limit fees, and a late-payment fee of just \$10. Consider refinancing your revolving, high-interest rate debt to Affinity's transparent and fair MasterCard, which also happens to be one of the few remaining fixed-rate cards in the country.

DEBIT CARD ROUND UP - SMALL CHANGE, BIG IMPACT ON YOUR SAVINGS

Debit Card Round Up allows you to build your savings by rounding each debit card transaction up to the nearest dollar and transferring that amount to your savings account.

For example, when you purchase a coffee for \$4.25 with your Affinity debit card, \$0.75 will automatically be transferred into your savings account.

Activate Debit Card Round Up via Online Banking or Mobile App.
